Volume 60

Enrollment 2437

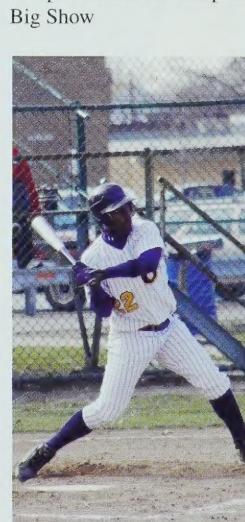

The theme of the 2009 *Euclidian* was *A World in Change*. The world that the seniors faced upon graduation was totally different from what faced the seniors from previous years. The stock market decline brought on by the sub prime mortgage meltdown was a continuing problem throughout the year. The middle of 2008 saw the price of oil approach \$150 a barrel but then retreated to below \$100 a barrel by the beginning of the school year. The beginning of the school year saw massive declines in the stock market, employment and the number of jobs leaving the country. In keeping with the changes that occurred in the world the format for the 2009 *Euclidian* has been changed. The book is a more chronological arrangement of the events that occurred throughout the year beginning with the events that were not covered in the 2008 *Euclidian*.

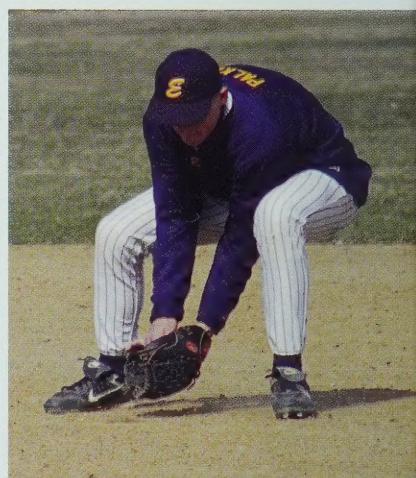

Claire Holzheimer received the Arlene Carter Outstanding Female Student Award at the Senior Awards Assembly

Stephanie Barnes and Amber Moore participated in outdoor track.

Lashon Long takes a swing at the ball with the hopes of sending it far into the outfield.

Matt Palko scoops the ball off the turf and gets ready to throw it to the first baseman.

Far Right: The seniors enjoyed themselves at Commencement.

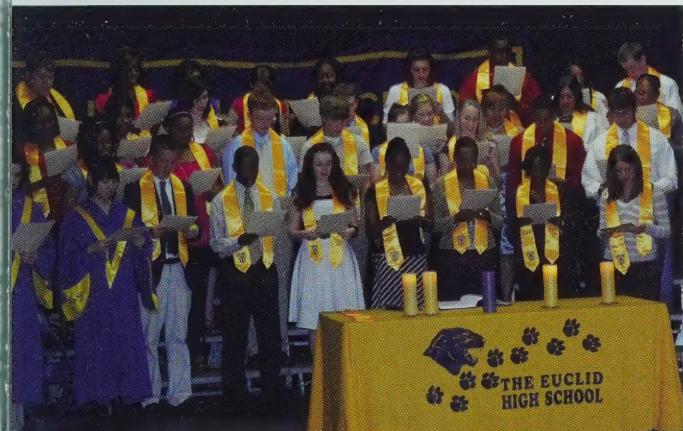

Joseph had a colorful coat in Big Show.

## SPRING OF 2008

**B**ecause of the deadlines that were pushed back in 2008, more events were covered in the 2008 yearbook than were ever covered before. There were still some events, however, that occurred after the final deadline and could not be covered in the 2008 book and are included in the 2009 edition of the Euclidian.

The National Honor Society held it's induction in the Little Theater.

## Big Show 2008 presented *Joseph and*

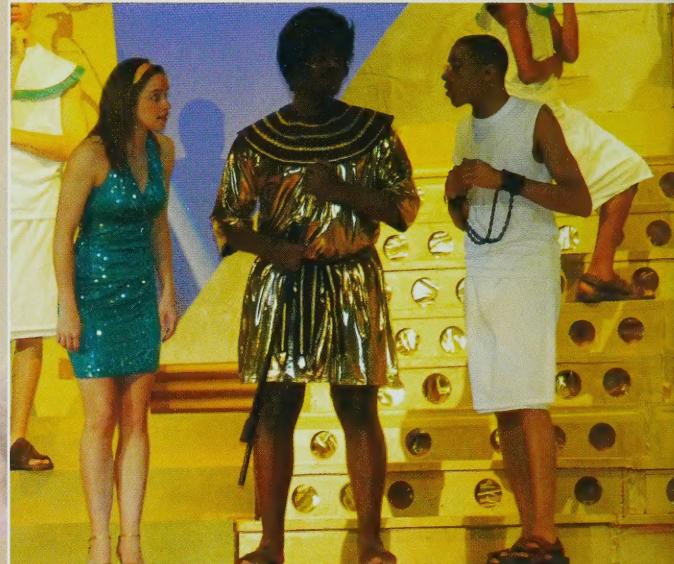

**Big** Show was a performance of *Joseph and the Amazing Technicolor Dreamcoat* and was presented on April 10, 11 and 12 in the Euclid High School Auditorium and was directed by Mr. **Peter Culver**. This musical was inspired by the Biblical story of Joseph the eleventh son of Jacob and Rachel's first son. Joseph was said to be Jacob's favorite son and was given a Technicolor dream coat. His jealous brothers sold him into slavery. Joseph soon began working for the Pharaoh's adviser, Potiphar, and was falsely accused of having an affair with Potiphar's wife and was sent to jail. While in jail, Pharaoh heard of his great gift of dream interpretation. Pharaoh soon made him a chief adviser and overseer of the land of Egypt. A great famine overcame all the land except for Egypt and people from all the lands, including his brothers, came seeking after food and supplies. Despite of what his brothers did to him, he provided them with food and hospitality and reunited the family. The lead role of Joseph was played by **Nate Summers** and the narrator was played by **Katherine Maxwell**. Big Show incorporated Egyptian style dances, pyramids and hieroglyphics to create the scenery of being in Egypt. The show was a unique musical in that the entire performance was sung. There were no spoken words in the entire show.

-Rebecca Bennett

## Spring Play was a student production

It was unique in that it was directed by seniors, **John Nero** and **Jared Pantalone** who also had parts in the production. The production was a one-act play consisting of many small skits involving one to seven actors portraying typical Mark Twain roles. It was very short and was very enjoyable.

Spring Play, Row one: Jazmyn Terry, Crystal Hill, Nate Summers, Jared Pantalone, T.J. Madden, Jailyn Harris, Steffahn Maclin, Zak Zupancic. # SPRING EVENTS

Spring is a busy time of the year

Lots of students had a good time at the Pep Rally that was held at the end of the day on April 4.

On April 17 Student Council sponsored their second blood drive of the year. Many Euclid students used that opportunity to give blood.

Left: In order to give blood a student was required to read a fact sheet about the donation process and decide if they were eligible to donate.

Far Left: After donating blood the students were treated with juice and cookies.

On April 19, 2008 the *Spring Bling* was held in the E-Room from 8-11 p.m. Many students enjoyed the festive atmosphere throughout the evening.

The Senior Art Show was held on the Auditorium stage on Thursday, May 22, 2008 during the lunch periods. Students could visit and view the art work that was produced by the seniors in the art classes.

## Prom was a dressy and very beautiful affair

The students were all dressed up and there were many attractive suits and gowns worn by the participants. Many couples arrived by limousine and were rewarded with an enjoyable journey. After arriving the students checked in and hustled to get their pictures taken by the studios and their friends. It was a fun night for everyone.

Valedictorian and Salutatorian speeches were given by **Nicholas Sudar** and **Chanel Glenn**. The students were then presented with their diplomas from their individual small schools.

# A WORLD IN CHANGE

Never in the history of Euclid High School has the senior class faced such a turbulent future. The sub prime mortgage markets torpedoed the investment banks ability to loan money and caused a worldwide financial meltdown of the stock markets that caused the stock indexes to fluctuate wildly and going to historic lows. The government was forced to invest many billions of dollars to help keep the banks from folding. Trillions of dollars were lost from the retirement accounts of many workers worldwide. Seniors were faced with escalating costs for college and post secondary education courses. In many cases it was difficult to even find money to borrow. This was a world that was very different from what had been in place for many previous years. The world was changing.

There were lots of things for sale at Open House.

# HARD HITTING SEASON

## Varsity football begins a new chapter

The 2008 version of the Euclid Panther football team began a new chapter in football history in two significant ways. Mr. Tom Gibbons began a new chapter of football by becoming Head Coach of the Panthers. He had a successful beginning by leading the team to an overall record of 7-4 and a league record of 3-1 and a second place finish in the L.E.L. Behind the quarterbacking of **David Thompson** and the running of **Jeffvon Gill** the team was able to successfully move the ball down the field. The defense was tough and was able to limit their opponents' points to several touchdowns. The Panthers made it to the playoffs but were defeated by a strong Strongsville team in the first round 28-35 in a really exciting game. The second significant event was the celebration of 100 years of football in Euclid. October, 1908 was the first time a football team formed in the Euclid schools.

In 2008, **Jeffvon Gill** was picked for the News-Herald First Team Offense for gaining 1289 yards and scoring 16 touchdowns. **John Franklin** was picked for the First Team Defense for making 124 tackles with 13 for losses. **Ken Amos** was picked for the Second Team Offense and **Kevin Buford-Wilson** was picked for the Second Team Defense. **John Brnjic** was picked for the Third Team Offense and **Michael Cade** and **Donald Bell** were picked for the Third Team Defense.

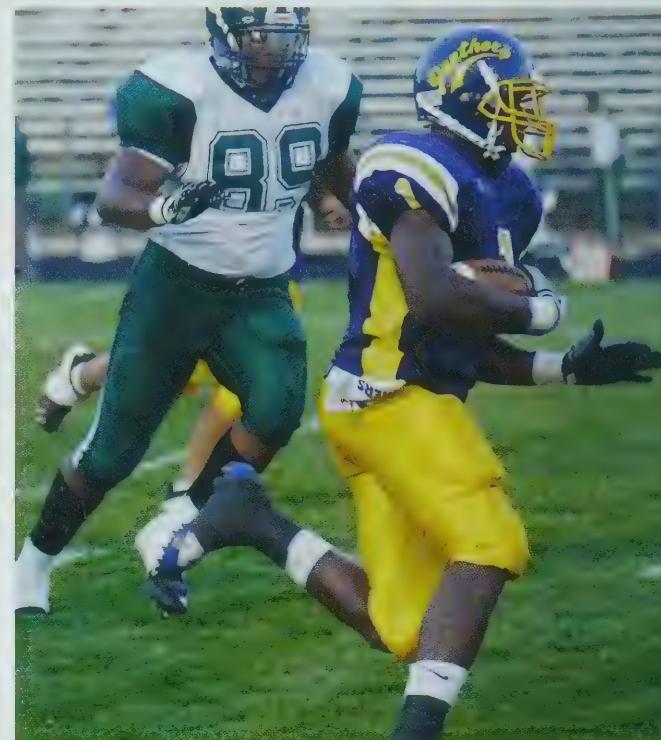

After coming off the field the coaches gave help to the players on how they should be playing against their opponent.

# GOT BOOTED AROUND

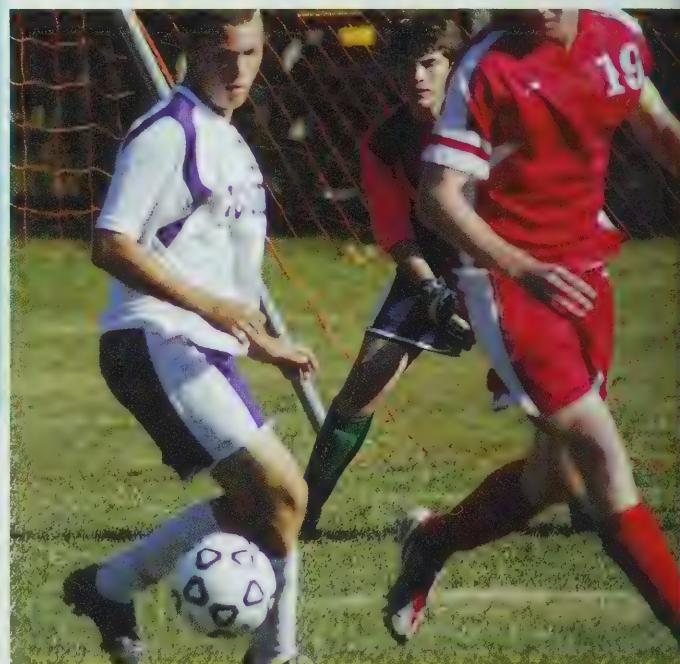

The 2008 version of the Boys' Soccer team was young and inexperienced and lacked depth at many positions and because of that ended the season with a 4-13 record. The team had a difficult time scoring and were shut out in seven of their 17 games. The boys tried hard and had a lot of fun throughout the season. Mr. John Gibbons was the coach for the team.

# RUNNING THROUGH THE WOODS

## Cross-country really packed in the miles

The 2009 Girls' Cross country team had enough girls to compete in all their meets and finished 3/4 in the District meet. The exciting part of the team was **Kayla Whitlow** who consistently finished high in the meets and finished 23/144 in the State Meet. Kayla made the News Herald First Team because of her performance. Other contributing runners were **Emily Sweet, Jennifer Brown, Caileigh Colo** (when she wasn't injured), **Melinda Arko, Taniesha Marshall, Katherine Hoggett and Gunhild Hastings**. The Boys' team had a lot of new participants and had a building season.

Jennifer Brown always tried her best.

The 2009 version of the Euclid cheerleaders did their best to instill spirit to the actions taking place on the football field. Becoming a cheerleader began in the spring when they held try-outs. There were many practices throughout the summer and then the fall brought on the performances at the games. It took much practice to get to the position the girls were in when they performed. They enjoyed what they were doing and looked forward to each game.

# WELCOME HOME

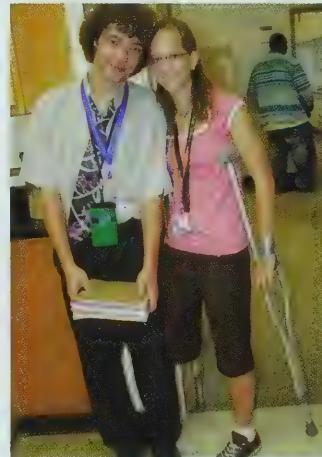

Many students and alumni participated in Homecoming

Spirit Week began on Monday, September 29 and ended with the Homecoming Dance on October 4. The school celebrated the days of Spirit Week by dressing up to different themes. Monday was Twins Day, Tuesday was Ohio Jersey Day, Wednesday was wearing pink to honor Breast Cancer Awareness day, Thursday was Dress-up day and Friday was, of course, Blue and Gold Day. Some students dressed up for every day others dressed up for some of the days but most did not dress up at all. It was a fun time for those who participated. The football game against Cleveland Heights was played on Friday afternoon at 5:00 p.m. The Panthers had an easy time with them and came out on the top end of a 34 -7 score. The Panthers scored 20 points in the first quarter and never looked back. **Jeffvon Gill** carried the ball 23 times and gained 179 yards. Heights had several turnovers that resulted in Euclid scores. During the halftime ceremonies the Homecoming Queen and King and Attendant were announced. **Tia Woodberry** was the Junior Attendant, **Kevin Buford-Wilson** was the Homecoming King and **Kathryn Powell** was the Homecoming Queen. It was a pleasant evening that was enjoyed by all.

A lot of students enjoyed dressing up in their Blue and Gold.

There was a lot of blocking going on after the ball was put into play.

Mrs. Diane Maroli and Mr. Steve Marcu showed off their jerseys.

Katherine Klepac, Ashley Troeter and Tina Kongkeo had lots of spirit on Blue and Gold Day.

Angelica Belcher and Jessica Surtz are always careful about doing all their work even when wearing their jerseys.

# TIMELESS TWENTIES

## Homecoming Dance was a 'roaring' success

**H**omecoming 2008 was held in the E-room from 8-11 on Saturday, October 4. The theme of the dance was *Timeless Twenties* and 677 people attended. At 9:30 the Homecoming winners were announced to the dancers. Tia Woodberry was the Junior Attendant. Kevin Buford-Wilson was the Homecoming King and Kathryn Powell was the Homecoming Queen. # A WORLD IN CHANGE

Participating in activities during school has always been an important part of the high school experience. Many students got many hours of pleasure by engaging in after school activities. The new global climate reinforced the idea that people had to learn to work together or they would not be able to succeed. Students working together in after school activities learned skills that would help them as they entered the world of the twenty-first century.

# MARCHING AND MAKING MUSIC

Marching Band gave students an opportunity to perform

**The** Euclid Panther Marching Band consisted of students that were dedicated to performing on the football field every Friday evening throughout the football season. The band members began their work long before the football season began. Throughout the summer they were practicing in the hot sun by designing their shows and picking music for their performances. There was lots of practice needed to get their performances to show quality. After the football season was over the band presented their annual Marching Band Concert in the gym. **Ms. Diane Tizzano** was the director for the group.

Marching Band members had a lot of fun dancing with the Flag Corps during the half-time celebration.

# WEAVING AND WAVING

The Flag Corps and Majorette added motion to the half-time program.

The Flag Corps and Majorette added color and motion to the half-time activities. # OTHER PEOPLES' CUSTOMS

Culture Club explores the ways and means of other people

Elizabeth Russo describes to the members of The Culture Club what they will be doing throughout the year.

president of Culture Club, **Kawana Little**, explains to the members what will be doing as the year progresses.

The members learned about many of the customs that occurred throughout the world.

Different strokes for different folks was an expression that had a lot of meaning to the members of the Culture Club. The members tried to get a better understanding of how other cultures look at different events. The world was getting smaller and there was more interaction between cultures and it was necessary to be able to understand how different people think. America has been involved in a war in Iraq for several years and part of the problem was that we did not understand the culture. President Bush had a shoe thrown at him during a press conference in Iraq. That didn't mean much to Americans but in Iraq that was the highest form of disrespect. It was important to understand a culture is you expected to help it. The Culture Club was organized by Mrs. **Elizabeth Russo**.

Members of the Culture Club listen to the speakers so they will have an idea of what to expect as they go through the year.

Office Aides do a lot to help the offices run smoothly

There were lots of different jobs necessary to keep a building the size of Euclid High School functioning smoothly. At the top were the administrators and teachers, but behind the lines were all the day to day operations that were necessary to keep everything running. This was the job for the secretaries and the Office Aides who made their jobs easier. The Office Aides delivered call slips, stuffed envelopes, filed, sorted, maintained files, made copies and any other job that helped out the secretaries and administrators. It wasn't a difficult job, but it was a necessary one that made everyone's life easier.

# CALMING THEM DOWN

## Mediators help students get over their hostilities

Mediation was a process that enabled students to help resolve situations that arose between members of the student body. Most of the problems that the mediators were faced with involved "he said, she said" situations between boyfriends and girlfriends. Most of the time the mediators could resolve the problems and everyone ended up happy. In some severe cases, however, the problem was not resolved and the students had to be disciplined. The mediation process usually consisted of two mediators in a room with the students but that could vary with the number of students with problems. An important skill that the mediators possessed was the ability to actively listen and paraphrase what the offenders have stated. The students liked to think that the mediators were listening with an open heart. The experienced mediators helped the newer ones develop their listening skills and trained them in the mediation process. Ms. Kathleen Mc Donnell was the adviser for the group.

# COURTROOM DRAMA

## Fall Play dealt with deliberations

The Fall Play was presented in the Little Theater on October 24, 25 and dealt with the deliberations that went on in the jury room after the court case had been presented. *Twelve Angry Men* showed how the jurors attitudes changed as they thought more and more about the evidence that was presented in the trial. Almost everyone thought the defendant was guilty at the beginning but as they thought over the evidence they saw errors in the testimony and the conclusions were not what that had begun with. It was full of drama and kept the interest of the viewer. Ms. Dawn Cecconi and Ms. Alison Mizen were the directors for the play.

# NEWS TO THE SCHOOLS

**The** Media Aides were the students who did all the audio and visual work that was necessary to help the school run smoothly. They began their day by delivering any AV equipment that the staff needed in their classrooms. They then produced the morning announcements which were broadcast to all the homerooms. Throughout the day that had to take care of the copy machines by clearing jams and replacing toner cartridges. Sometimes there were special assemblies that had to be recorded or broadcast throughout the school. They also had to control the lights and speakers at all the evening concerts and plays and Big Show. The school would not be the same if these students weren't available for work. The students learned valuable skills that could help them compete for good jobs. Mr. **Al Black** was in charge of these students.

# STASHING YOUR STUFF

Every student at Euclid High Schools was assigned a locker to store their supplies while they were at school. It was supposed to be a secure place to keep material that was not being used. Most students secured their valuables with a lock but many students never bothered putting locks on their locker. This made it easy to get into their locker between classes, but the security feature of the locker was not realized. Most students just used their lockers for storage, but others used their locker as a way to express their feelings about friends, family or people they admired by decorating the insides of their locker with pictures and other memorabilia. Shown on these pages are some of the lockers that have been decorated by the students at Euclid.

**The** members of SAVE (Students Against Violating the Earth) wanted everyone to understand the situation that was occurring on the Earth as far as pollution was concerned. The Earth is a finite system. There is nowhere else to go. We only have the resources that are present on the Earth. People cannot just keep on using resources forever, something is going to run out. The faster it was used, the less time it would last. It was only through conservation that life would be sustainable for a long time. The students tried to make the school aware of the value of recycling. Mrs. Ramona Spivey-Funk was the Adviser for the group.

# A WORLD IN CHANGE

**In** a world that was constantly changing it was important to some entities that remained the same and could be counted on to always be there when they were needed. At Euclid this factor was the academic staff. They were dedicated to helping the students before or after school as well as during the day. The day began very early for some of the staff and ended very late for others. If any student wanted extra help there was always some way for them to get it. The staff was dedicated to the idea that all students could learn if they dedicated themselves to working on their ideas. Everyone had to learn for himself or herself, but the staff was available for whatever was needed.

# 2008

-2008 was a significant year in many ways. The world was entering a major recession that no one could see the end. On January 20, 2009 **Barack Obama** was sworn in as the forty-fourth president of the United States. Over two million people attended the event on the National Mall. The world waited to see what was going to happen in the United States. The world was tired after eight years of **George Bush**. The attitude at Euclid High Schools was also enlightened because the knowledge that the high school would be returning to a big school with a seven period day in the Fall of 2009. This meant that there was a lot of work that had to be done to organize the school and schedule the students for their classes. That was the job that the counselors and principals had to do to keep everything running smoothly.

## Euclid's staff see the students every day

Euclid's staff was a group of dedicated professionals who strived to enable all students to learn. If the students did not make an effort to learn they would not be able to learn.

# A WORLD IN CHANGE

The senior class faced a world that was filled with change. During their senior year they saw the mortgage crisis grow to be a major problem throughout the world. They saw the financial markets undergo a meltdown with the stock market losing much of its value throughout the year. The government (you and me) had to invest huge sums of money into the investment banks and companies to try to keep them from having to enter bankruptcy. Many people lost money in a stock market that lost much of its value. Money was hard to come by and many families had a hard time meeting their financial obligations. The cost of college continued to rise and loans were harder to get. The seniors of 2008 entered a tough world.

JeffVon Gill was an important part of the Panther offense on the field.

# SENIOR CLASS

## Getting prepared to enter the real world

Some seniors worked hard to twelve years to get into position to enter the real world. Others took the easy way and got by with as little work as possible. Regardless, the days of free education were over. Some students were entering the world of college where they would be paying for their further education or they would have to try and find a job. Students entering the job market faced a bleak outlook. During their senior year students saw the housing market collapse, financial institutions collapse, the stock market lose half its value, the auto industry collapse, the country and the world enter recession and millions of Americans losing their jobs. These events were all impacting the lives of the graduates. In order to compete in the world environment the students had to be prepared to work hard and be smart in their decisions. Students had to be prepared for what lay ahead.

Ariel Lee, Alycia O'Neal and Alexandra Johnson were dressed up and looking nice at the Homecoming Dance.

# LOTS OF WORK TO DO

## Seniors reveal teachers who give most homework

Mrs. Emily Hunt helps some former students with some work that they have to do. They probably remember how much homework she gave them when they were students in her class.

The seniors were polled about which of their teachers gave the most homework. Almost thirty teachers received at least one vote that they gave the most homework. It was a close vote with one vote separating each of the places. **Mrs. Marketa President** won the polling as to giving the most homework. In a tie for second place was **Mrs. Theresa Dubroy** and **Mr. Josh Stephens**. Third place went to **Mrs. Janet Federer** while there was another tie for fourth place between **Ms. Denise Moore** and **Mr. Daniel Wensing**. Other teachers who received at least one vote, in no particular order were: **Mr. Thomas Sohl**, **Mrs. Emily Hunt**, **Mrs. Karen Boyle**, **Mrs. Kim Dixon**, **Mrs. Stephanie Garmey**, **Mr. Ronald Zucca**, **Mr. Daniel Beckwith**, **Mrs. Beverly Howse**, **Mrs. Flor Misra**, **Mrs. Margaret Metti**, **Mrs. Lisa Langford**, **Ms. Fecelia Rosati**, **Mr. Alex Toth**, **Mrs. Susan Withers**, **Mrs. Marcy Gray**, **Mr. Michael Turk** and **Mrs. Margaret Garbincus**.

Mr. Michael Turk looks through worksheets trying to decide which ones he should assign to his classes.

Nick Linderman knows that he has to get all his homework done before he can participate in extracurricular activities.

Patrick Hagenbaugh gets ready to take off for his race as part of the swim team. He knows that doing his homework will help maintain his grades and will enable him to achieve more after high school.

Caileigh Colo works hard to succeed in the breast stroke. Caileigh is a conscientious student who always does all of her work.

# RED FACED

Seniors were not proud of some moments in their lives

**M**any events happened to seniors as they moved through their educational activities. Some of these were memorable but others would be better off forgotten. The seniors were asked about their most embarrassing moments and here are some of their responses.

**Lane Bagley** was embarrassed when she got caught kissing her boyfriend in front of a teacher.

**Le Basinger** was embarrassed when the security guard walked on him when he was taking a poop.

**Kevin Bell** was embarrassed when he fell in front of a lot of people.

**Kevin Buford-Wilson** was embarrassed when he got his shorts and underwear pulled down in gym class when he was a freshman.

**Laura Carotenuto** was going up the stairs to the second floor really fast when she tripped and fell on the stairs and everyone laughed at her. She was really red.

**John Cater** was also embarrassed when he had his shorts pulled down in gym class when he was a freshman. (I guess there was a lot of that going around that year.)

**Leigh Colo** was embarrassed when she forgot to bring a belt to school and had to wear one of Mr. von Benken's ties as a belt.

**Shelley Aden-Dean** was cheering in the tenth grade and was trying to do a toe touch and when she landed she fell on her butt and people were laughing at her.

**Christie De Wolf** was embarrassed as a freshman when she underestimated how slippery a wet hallway could be and kind of slid in twice for a second and then fell.

**Anthony Ellington** was embarrassed when he was walking down hall and someone book checked him.

**Shayla Frizzell** tripped up the stairs when wearing heels.

**Matthew Gerald** was embarrassed when he wore tight black pants in tenth grade.

**Shayley Gilmore** fell down the stairs.

**Krystal Johnson** was embarrassed when she was playing basketball against Shaw. She and the Shaw girl both went up for a rebound. The Shaw players shirt was not tucked into her shorts and as Krystal went up her head went under the Shaw girl's shirt.

**Eric Johnson** was embarrassed when he peed in his pants.

**Sean Joseph** was in seventh grade and was acting up in class. His teacher asked his mother to come to the class to see how he was behaving. He had no clue that his mother was there so he was acting up as usual until someone grabbed his ear and pulled him to the front of the class. Everyone was laughing and his mother told them to shut up.

**Christina Kyker** was going up to the third floor when she tripped and fell on the stairs.

**Monica Lester** was embarrassed when she collided and fell with another student on the main gym floor during a pep rally.

**Ariel Lee** was in elementary school when she fell down the stairs backwards. She was wearing a dress and her legs ended up in the air.

**Kawana Little** fell down the stairs between classes.

**Emerald Leisure** fell up the stairs going to the third floor.

**Christian Lozada** was embarrassed when he decided to jump over a fire hydrant in front of a girl he liked and ripped his pants right in the butt.

**Barbara Mc Crank** fell down the stairs.

**Donovan Morton** was embarrassed when his pants fell down when he was going up the stairs and he fell.

**Desiree Niksick** was walking down the stairs by the E-room with a friend and fell and slipped down a whole flight of stairs.

**Alycia O'Neal** told a teacher substitute that his stance was a little "fagalatious". He then wrote her up and everyone heard about it.

**Marycia Parson** was embarrassed when someone she knew tripped her and made her fall in front of a lot of people.

**Joe Pavicic** tripped up the stairs when he was a freshman. His books and papers flew everywhere and by the time he got them all picked up he was late to class.

**Jacob Perpar** was a freshman when he tripped on his shoe laces in the E-room and fell on his face.

**Ashley Pinchot** fell down the stairs.

**Shavonne Price** fell up the stairs and then fell back all the way to the bottom.

**Tisa Rivers** was going down the stairs for picture day as a junior. She slipped but managed to catch herself.

**Channelle Richardson** was embarrassed when her mother broke out into an old school dance in front of the entire band.

**Alex Rossmann** was embarrassed when the entire frame of her locker came out from the wall and was connected only by the corner and Mr. von Benken and Nick Linderman had to hammer it back in while she stood there and got looks from everyone in the hallway since it was during the class change.

**Terrance Rouse** fell up the stairs.

**Sarah Sapatka** was a junior in a silent study hall in the auditorium balcony with Mr. Gregory Baca. She was talking on her phone with her friend who told her something that really surprised her. She screamed the f\_\_\_ word super loud and the entire study hall looked up at her like she was crazy.

**Joe Selvaggio** Slipped and fell on the stairs.

**Mario Spinoso** fell up the stairs and his body went flying.

**Jamia Tate** fell down the stairs.

**Eric Wintle** fell down the stairs.

# A WORLD IN CHANGE

An underclassman was always looking for change. They always wanted to be able to move ahead. A freshman wanted to be a sophomore, a sophomore wanted to be a junior and a junior wanted to be a senior. If they worked hard and showed the correct behavior they would be able to attain their goal. It was nice being an underclassman where they could remain sheltered from the real world.

Steffahn Maclin and Jay Phanavong argue over evidence at the Fall Play.

The Professional Path wants its' students to experience life

**The** goal of The Professional Path school was to personalize the curriculum with real world applications by using applied skills and hands on learning. The multi-focused educational learning community promoted an enhanced academic achievement program that created a climate where students felt safe to develop a personal mastery of skills for any path upon graduation. The Vocational Automotive, Industrial Technology and Vocational Law Enforcement programs were associated with this school. Mr. **Elie Thomas** was the principal for the school.

The Criminal Justice Program trains students to be able to defend themselves.

**Garrison Davis** watches as **Donte' Bibb** tries to get the ball away from his opponent.

Far Right and Right: Students in the Vocational Automotive program learn in the classroom and in the garage.

# MINDING YOU OWN BUSINESS

Students interested in business train in the Business and Communication School

Molly Blaha has played volleyball for the Euclid Panthers for all of her years at the school. Here she is setting up the ball for her team mates to spike.

The Business and Communications School provided students with rigorous academic preparation. The students' learning experiences focused on relevant issues which were comprised of information derived from local businesses, the community and the corporate world. Graduates were prepared to pursue higher education and to achieve career goals for the future. Mr. Ed Klein was the principal for the school.

Brianna Hoxie has been an important part of the girls' basketball team. She controlled the ball when on the court.

These students do not fit in with the six major schools. They belong in Post Secondary and Career Technology, Community, Virtual Learning Academy and Alternative schools. They have nothing to do with the Business and Communication School. They were put here because of space allowances.

The Winter sports calendar consisted of boy's and girl's basketball, boy's and girl's swimming, boy's and girl's indoor track, wrestling and hockey. It was nice that these were all indoors since the winter was so long and harsh with lots of snow and low temperatures. Inside, however, the teams kept the temperatures up and there was lots of action. The Winter season began in late November and stretched into March for some sports. It gave a lot of athletes an opportunity to participate in physical activity during the Winter months.

The later deadlines allowed more of the year to be included in the 2009 book. The winter sports were over and the spring sports were about to begin. The winter weather was cold and bitter and the political forces changed with the swearing in of President Barack Obama. The financial outlook was really poor with the stock market reaching ever lower lows and many people throughout the world being unemployed. Huge sums of money was being given to banks and the American auto makers in the hopes of avoiding collapse. General Motors and Chrysler were facing bankruptcy. Manufacturing and sales throughout the world was declining every month. It seemed that more bad news was reported every day. It was a really uncertain world situation that the seniors of 2009 were entering.

You really put our parenting skills to the test this past year but by the grace of God we survived. When you were born our family became complete. You're smart, intelligent (sometimes), corny (most of the time), but loved (all of the time). There is something special about you that you don't realize. Allow God to cultivate it and watch it manifest. Dare to be different. Learn to step out on faith. Pray for guidance. Always keep God first in your life.

Now that you have your very own guardian angel (Auntie Willa) watching over you know that there are no limits to what you can accomplish. You just have to stay focused, pray and never give up. You always say that my expectations are too high, well it's because I know what you are capable of achieving. You are our

there was a lot!

You brought us so many smiles and have made a difference in our  
lives. Now you're grown and we wish you the best the world has to  
offer. A future of possibilities turned into realities, challenges to meet  
and dreams to come true year after year. Try, take chances and trust  
yourself even if you make mistakes. Life can be confusing and also  
surprising. Know that there aren't any shortcuts to tomorrow. You  
have to make your own way. It isn't always easy but you can do it.  
We want you to have the most wonderful life possible and everything  
that makes you happiest.

We love you more than words could ever tell and will always be  
there for you.

Love,  
Mom & Dad

Congratulations Ibrahim!  
This day has arrived too soon again  
And words seem inadequate to express  
My tender joy is filled with praise  
Overwhelmed with happiness  
You made it here, determined and strong  
Been lead by God; Continue and carry on  
Become what he promised, proposed and planned  
Make your father and mother proud  
Stand and be that man  
As iron sharpens iron, so does a friend of man  
Enjoy College!

# CLOSING

## Colophon

The 2009 *Euclidian* was published by Jostens' Printing and Publishing Division at State College, Pennsylvania. 300 copies of the book were printed. The pages were printed on Gloss 90 paper stock and was in full color. All the pages were created using InDesign CS2 running on a Macintosh G4 computer running OS X 10.5.5 (Leopard). The computer had 1 GB of RAM and a 120 GB internal hard drive and all files were backed up onto a pair of fire wire drives connected to the computer. The displays were a 23" and a 28" LCD monitor connected so that pages could be displayed on the large monitor while all the tools were displayed on the small one. An iBook laptop computer was also used to transport work between school and home. All the pictures in the book were inserted digitally. Most were taken with a Nikon D100 or D50 digital SLR camera or a Nikon Coolpix digital camera. Some pictures were supplied on film and these were scanned using a Canon LIDE 80 scanner and were placed digitally. The photos were processed using Photoshop CS2. Microsoft Excel was used to make graphs and to keep records of yearbook sales and student names. The index was produced using the index plug-in that Jostens supplied for InDesign CS2. Pictures were printed on an HP Laser

Jet 1160 laser printer. All the layouts were submitted to Jostens in pdf format by uploading them directly to their server. The files were printed and sent back to the high school for proofing. The corrections were sent back on CD ROMS. The cover was designed by the Jostens Art Department. The pages were submitted to the printing plant on four deadlines: November 24, December 22, February 2 and April 3. Because the final deadline was in April, some events, like spring sports to be included in the current book. Because the book was all color, pages had to be submitted in eight-page multiples. Twenty-eight seniors took advantage of the picture patron option and had their pictures printed in the book. Forty-eight students also ordered their books with their names engraved on the cover so they could be easily identified.

## Thank You

Much work went into making the 2009 *Euclidian* possible. We want to thank everyone who came together to make the book possible. Thanks have to go out to **Ohio School Pictures, Inc.** who took pictures of all the sports teams and all the senior and underclass pictures and also took pictures at Homecoming. Thanks also have to go to Mrs. **Marsha Knauss** for all the time spent getting lists of students, mailing labels,

organizing the picture days, choosing pictures and identifying students and getting the students organized into the different schools.

Thanks have to go to **Jostens Yearbook Company** for putting all the material together into a neat, artistic way and changing their deadlines to accommodate later deadlines. Thanks have to go out to all the students who supplied pictures and took pictures and wrote stories that could be used in the book.

Thanks have to go to Mr. **Bill von Benken** for all the hours that were spent in putting the pictures and pages together and keeping everything going and on schedule.

Thanks also have to go out to all the students at Euclid High Schools without which there would be nothing to have in the yearbook.

## Staff

Many people contributed time and energy in order to make the 2009 *Euclidian* a reality. Some students wrote stories while others put pictures into the collage. Some helped with the page layouts and others helped with the mailing to the homes. All of these things were useful and helped in the overall process of yearbook production. **Darniee Gordon** and **Emerald Taylor** did a lot to assemble the collage. **Rebecca Bennett** and **Josephine Ayoade** helped out with the editing process. Many students wrote stories that were useful in completing the book. Thanks go to everyone who helped.

## Disclaimer

2008-2009 The school year is history. Many interesting and significant events occurred during that time and the *Euclidian* tried to cover as many of them as possible. This was difficult because of the limited staff and the many events taking place in the different schools. If we missed something, we are sorry. We sincerely apologize for any errors or omissions that occurred in the book but this is a single printing of a high school yearbook and errors will occur.
